Executive Summary

Briefly summarize the key achievements and progress made against the outputs of the project this quarter. Maximum one page

Throughout this quarter (1/Mar/ 2015—30/June / 2015), 19 women and 11 children have stayed at Daikundi Women Protection Center (WPC). Of these, 7 women had Legal cases and 12 others had criminal cases. From these 11 children, mothers of 2 children who are 13 and 8 years old and living in WPC are in jail, and 9 children were in the WPC with their mother. LSO protected and have done for these women all required services (psycho-socio counseling, legal advice, access to justice to victims of gender based violence, etc.) During this quarter, they became capable to challenge any basic risk in the society or environment of works).

In addition to providing shelter, social protection services, and access to justice to victims of gender based violence, LSO's social workers carried out regular follow-ups with the clients, and its staff continued to meet with local officials and stakeholders to introduce LSO and advocacy for women's rights.

As LSO could solve the problems of 16 women who were at risk by solving their legal and criminal cases in courts and attorney and delivered them to their families and they entered into the follow-ups stage, but 3cases remained still in progress stage. So far, according to LSO's follow-ups, they have been being happy and living with their families peacefully. They say that no one has caused violence against them from the time when they came back their home. This is a big achievement that LSO has received at this quarter.

Purpose

[Summarize the overall objective of the project as per the project document attached to the grant provided under the EVAW Special Fund and approved by UN Women, including: (i) expected results (project outcome and outputs); (ii) how the project aims to support overall national goals and priorities under the NAPWA, EVAW Law etc.].

The main objectives of project:

1. Provide women protection center (WPC) for women at risk of violence in Daikundi province.
2. Providing women at risk of violence with comprehensive psychological and physical support, and safety in the mentioned location.
- 3- Providing women at risk of violence with access to justice through advocacy.
- 4- Rehabilitation of their psychological and physical health through psycho-social counseling and law services in their lives problems.

I. Results incl. success story

[Provide and update and assessment of the following: (i) extent to which the project is progressing in relation to the project outcome and outputs for the relevant period, as per the indicators in the project document; (ii) main activities undertaken, key services and achievements delivered; (iii) any new development and key partnerships established, including expansion of service provision within the area of vocational training, awareness raising efforts etc. ; (vi) success stories and other highlights pertinent to progress and advisements of results being reported on; and (v) information as required in the tables below].

LSO has gotten some result during of the project in the Daikindi province according the WPC's regulations and the most important result is:

1. At this Quarter 16 clients were reintegrated to their family, and their problems were solved, social workers started their follow ups from every case both via calling and meeting their family.

For abovementioned result, LSO performed the following services and activities for them:

1. Accommodation for clients, accompanying them, Provision of food and drink, sport materials, cleaning and hygiene supplies.
2. All beneficiaries benefited from the literacy, numeracy classes of different levels, Provision of library, and Awareness raising sessions. The awareness sessions were about basic health care, childcare, women's rights, and Sharia law.
5. A full time nurse has done the daily check-up of the beneficiaries, the necessary services, but urgent ill and patients referred to the nearest health facility (PH) for proper treatment and medication.
6. Vocational trainings like embroidery, tailoring and handicrafts were provided for all clients in the WPC.
7. On the other hand, LSO facilitate the situation for personnel to participate in Capacity building training on Elimination of Violence against Women.
8. Transportation services were provided for clients and accompanying personnel to pick them up from WPC and transport to related government offices; DoWA, courts, attorney's office, and hospital, and took them back to the center. As well as transportation picked up and dropped the project staff and logistical arrangements of the WPC.

Interesting and Marvelous Stories of Pary Gul daughter of Saeed Mahboob

Pary Gul who lives in Kesaw village, Kitee district of Daikundi Province was raped in her village. She has mental problem and became unconscious (Epilepsy) on and off. Her family tried to cure her by magic and they wanted a mullah, Mohammad son of Awaz, from another district of Daikundi province. Mullah came to Kitee district on 27/ 5/ 2015. Mullah asked other members of family to leave Pary Gul and him alone at home for some minutes. Then, He started to do to the action of rape on her, but she screamed very aloud and her mother entered home to see what happen. Her mother saw that Mullah was doing this illegal action. Her mother referred local governments for advocacy of her daughter and jailing Mullah. Government sent her to AIHRC and Pray Gul was referred to Daikundi's WPC. Fortunately, Mullah was arrested and jailed in Daikundi province and his case is currently under process.

General information of clients/residents in WPCs in [3 / Mar/ 2015 -- 30 / June/ 2015] for 1 Quarter

Client/residents turn-over	Women	Accompanying children
No. of clients/residents <u>accommodated</u> in WPC as of end [30-June-2015]	19	11
No. of clients/residents <u>exited</u> during [1 / March/2015 -- 30 / June / 2015]	16	9
No. of <u>new</u> clients/residents entering during (1/ March/2015 -30 / June / 2015)	17	9
Total no. of clients/ residents <u>accommodated in WPC so far this quarter</u> [1 Mar- 2015 - present]	19	11
Total no. of clients/ residents <u>exited from WPC so far this quarter</u> [1 Mar- 2015 - present]	16	9

I. No. of new clients referred to the WPC during [1 / Mar/ 2015 -- 30 / June/ 2015] for 1 quarter

Disaggregated by organization

Organization¹	No. clients	Remarks
MoWA/DoWA	3 women and 2 children	<i>[The purpose on providing any remarks in relation to the VAW referral is to provide UN Women with information on how other institutions/organizations are supporting the response to VAW at the provincial level. Ex. of any specific remarks would be if there are special circumstances related to the referral of a victim, such as being referred to multiple institutions before reaching a WPC etc.]</i>

1. Challenges and Lessons Learned

Implementation constraints, lessons learned from addressing these constraints, and knowledge gained from capacity building efforts, courses, monitoring visits by UN Women or UN Women partners etc. within the reporting period].

LSO have very good and management team about the implement and following project, and not have considerable challenges in during of quarter. Because LSO have experience previous project and can manage the risk and challenges which threat the project.

LSO not faced by huge or large challenge in the implement of project in the Daikundi province, LSO have good relation and good credit in the between of people in the mentioned area. And government agencies satisfy from activities and implement of project Lab our spring organization (LSO).LSO faced in the small problem in the during of project but that problems cannot prevent the progress of the project and LSO can solve by staff professional and strong risk management plan.

LSO some issue learn from the implement of these project in the Daikundi province, such as how decrees the violence against women and youth Groups, fight against of traditional customs, compulsory marriage and like this mentioned violence in the Daikundi Province. LSO have got capacity about the implementing of project in the mentioned location or other provinces the all of staff capable manage the project on time.

Resources

[This section should include a brief summary of resources available to the project from other donors, including any constraints or challenges related to resources faced during the reporting period, or anticipated in the future].

We have not faced any challenges during the reporting period because we did not have resources available to the project from other donors yet.

1.Next Steps and Planned Activities

[Information in this section includes priority actions planned for the following quarter, including how the project will overcome any constraints based on lessons learned; (ii) indication of any adjustments in the strategies and implementation of activities to deliver services].

LSO work and doing activities according to work plan in the next step, LSO completed the during of project some activities which mentioned in the work plan and will doing the remained activities pursuant to work plan Like following activities:

- Awareness raising session, literacy course, capacity building training and etc. activities which mentioned in the grantee charts

1. Financial Implementation

[In addition to the face form, showing expenditure broken down by activity, this section should give a brief provisional report on overall expenditure this quarter and financial implementation status in 2014, against the total budget, as per the table below].

Total budget 2015	Actual expenditure [1 / Mar/ 2015-- 30 / June/ 2015] for one quarter.	Total expenditure Mar2015- June 2015	Balance	New Request [period and amount]
8353000 AFN	2606310 AFN	2606310 AFN	5746690 AFN	3341200 AFN
